INDUSTRIAL ENGINEERING & SOLUTIONS

## INTERIOR DESIGN

**ITANOVIN.INC IS A FULL SERVICE FIRM** specializing in high end residential, restauration and interior projects.

The mission of Itanovin.Inc is to create interiors that are timeless, original and warm.

Almost all installed windows show damage caused by use, by atmospheric conditions and are often not very performing from a functional point of view.

There are evident signs of peeling of the previous painting and the rusting of the frame.

**ITANOVIN IS ABLE TO OFFER THE REPLACEMENT OF OLD WINDOWS** with complete covering of the old frame. the installation is in a workmanlike manner

INDUSTRIAL ENGINEERING & SOLUTIONS

This is how the installation with complete covering of the old frame works.

Adapting the measurements of the old frame. Our technicians previously dealt with measuring each component of each frame so as to be able to produce in a workshop all the profiles cut to size.

The external profiles CAN BE MADE IN ALL 230 COLORS for aluminium coating the old frame first clean the old surface of the fixtures by removing the peeling paint.

**OUR INSTALLER MUST INTERVENE ONLY ON THE FRAME:** the replacement of the window does not require the need to repaint the walls. the existing frame is completely covered with the new customized product.
